20 MORGAN SCHOOL BOX

INNOVATIVE PATTERN EDITING SOFTWARE FOR SCHOOLS

CREATE YOUR SUCCESS, DISCOVER OUR “2D MORGAN SCHOOL BOX” PACKAGE.

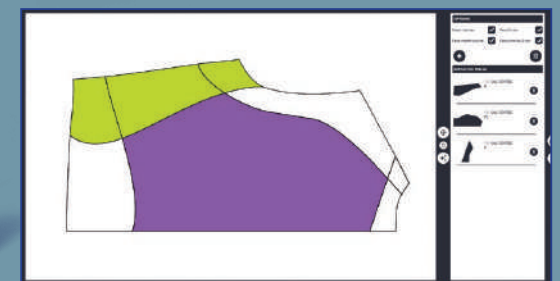

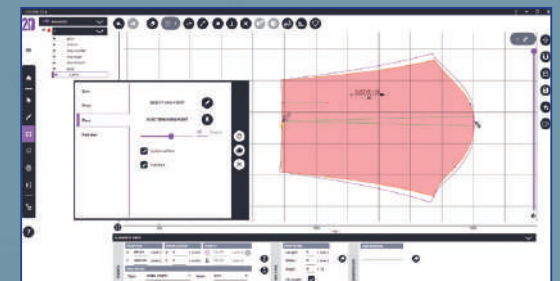

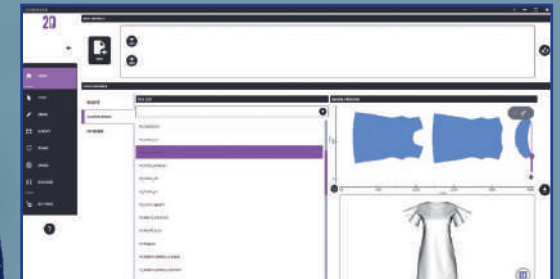

We prepare the patter makers of the future with our “plug and go” software solution.

The “2D Morgan School Box” stimulates student’s creativity and introduces them to the professional world with an innovative and immediate approach.

Our software is smart and designed to adapt to both professionals and beginners, ensuring fast and intuitive learning.

Modernity, efficiency, and openness to dialogue with other systems are just some of the features that distinguish MorganTecnica’s 2D Cad, **already successfully adopted by major fashion companies.**

Join us, explore our “School Box”, and discover a new and stimulating learning experience.

DISCOVER OUR EXCLUSIVE OFFER

With our Educational License, teachers can access a complete package that includes three software programs:

2Design

2Capture

2Tetrix

But wait, there's more!

In addition to the teacher license, we offer an unlimited number of free licenses for students.

With the option to install the license on both personal and school computers, we provide maximum flexibility to ensure an unparalleled experience.

The teacher's Educational package is available for either a semester or a year, allowing for optimal course management with the option of free renewal.

Don't miss the opportunity to invest in your future!

EXPLORE THE 2D MORGAN SCHOOL BOX PACKAGE

2Design

The plug-and-go solution for your 2D fashion projects.

2Capture

The new solution for digitizing pieces with your smartphone.

2Tetrix

The nesting solution to turn your 2D projects into efficient production markers.

JOIN THE MORGAN COMMUNITY AND START BUILDING YOUR FUTURE IN THE WORLD OF FASHION.

“We encourage schools to create internal contests and reward their students’ creativity.

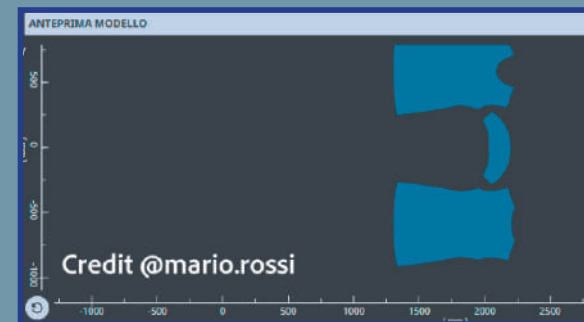

The author's contact information will be freely published in the "Sample Base" archive and distributed across Morgan's global user network. Take this chance to make a splash in the fashion design world.

MorganTecnica provides the opportunity to host live events, both on-site and remotely, to showcase our organization and the latest technological solutions tailored for the fashion world!
